Terms & Conditions English Version

1. Scope of the General Terms and Conditions

The Terms and Conditions apply to all contracts that are concluded via the online shop www.breatheilo.com between Carbomed Medical Solutions GmbH and consumers, i.e. customers.

A consumer means any person who enters into a legal transaction for a purpose that is neither attributed to their commercial or independent professional activity.

Consumer transactions are a legal transaction with a customer who is to be regarded as a consumer under the meaning of § 1 Austrian Consumer Protection Act ("Konsumentenschutzgesetz"). Consumer shall mean a person who makes the legal transactions not in the course of carrying on his own business. The customer's order represents an offer to our company to conclude a purchase contract.

These terms and conditions also apply to all future contractual relationships, thus even if this is not explicitly stated in additional contracts.

The current version of our Terms and Conditions applies at the time the contract is concluded, available on our homepage www.breatheilo.com

We only contract based on our Terms and Conditions, i.e. all transactions are subject to our Terms and Conditions.

2. Recognition of Conditions

The consumer acknowledges these terms and conditions and agrees to them by placing an order.

3. Protective Clause

Deviations from the general terms and conditions or the terms and conditions of the consumer contract will be rejected unless otherwise explicitly stated by Carbomed Medical Solutions GmbH

4. Contract

4.1. The online presence of Carbomed Medical Solutions GmbH on the internet website www.breatheilo.com

The products displayed on the website shall not constitute an offer in the legal sense. In any case, the product descriptions as stated in the online shop shall not constitute binding offers by the seller, but serve to make a binding offer by the customer.

They are an invitation presented to the consumer inviting them to make an offer themselves. In the legal sense, the offer is made by the consumer when placing an order. The confirmation of the receipt of the order occurs with the acceptance of the order immediately after an automated email is issued. The email confirmation concludes the purchase contract.

4.2. Order Process

The desired product (s) can be selected by the consumer and placed into the "shopping cart" at the click of a button. The selected products are temporarily stored in the "shopping cart" during the duration of the visit at www.breatheilo.com/shop. The order process continues when the "Proceed to Checkout" button is clicked. On the next page, the consumer is requested to log in using their account details, given the consumer has registered at the webshop. The consumer is then requested to enter the desired delivery address and payment method, entering the data required to process the transfer. When choosing external services as a payment method, such as Paypal, the consumer is redirected to an external website of the respective payment service provider. Before the order is submitted, the relevant order information is summarized in an "Order Overview". The consumer is free to edit the details if required, before clicking the "Place the Order" button. Once the order is submitted, the customer makes a binding offer with respect to the selected goods.

4.3. Order Confirmation

Once the order is placed, Carbomed Medical Solutions GmbH sends an order confirmation email to the email address provided. The order confirmation notification confirms that the order was placed and displays the ordered contents. The order confirmation does not constitute the acceptance of the customer's offer by Carbomed Medical Solutions GmbH. If Carbomed Medical Solutions GmbH rejects the contract conclusion, the consumer will be notified via email.

5. Storage of the Contract

The contract, i.e. the order information provided by the customer, is stored by Carbomed Medical Solutions GmbH and may be viewed by the customer under "My Account" in "My Orders". An order confirmation notification containing the contents of the order placed is forwarded separately to the email address provided by the customer.

6. Cancellation / Withdrawal

The ordered goods may be returned within 14 days without a stated reason. Detailed information regarding our Returns Policy is set forth under the section "returns policy".

Cancellation Policy

The following cancellation policy applies to a contract for goods that can be sent in a package by mail.

Withdrawal for Parcel Goods

As a consumer, you are entitled to withdraw from the contract within fourteen days without stating a reason. The withdrawal period is calculated from the time the goods are taken in possession by you or a third party explicitly stated by you, who is not the carrier.

If a contract has been concluded for several goods that you have ordered as a consumer and that are delivered separately, the cancellation period starts on the day on which you or a third party named by you, who is not the carrier, took possession of the last goods. The same applies in the case of a partial shipment.

In order to exercise your right to withdrawal, you are required to inform us regarding the withdrawal from the contract in the form of a letter or email

Carbomed Medical Solutions GmbH
Neue Stiftingtalstraße 2A
8010 Graz
AT

Email contact@breatheilo.com

It is sufficient to inform us of the withdrawal from the contract fourteen days before the expiration of the withdrawal period.

Effects of Withdrawal

When you issue a withdrawal from your contract, all payments received, including the costs of shipping (excluding additional shipping costs incurred when a different shipping service has been chosen by you, that does not comply with our standard shipping courier), will be reimbursed. The refund will be made within fourteen days of the notification of cancellation that we receive from you. The same method of payment used in the original transaction will be used to make the refund unless explicitly requested by you, in which case any additional fees will be carried by the customer. Reimbursement will be withheld until the goods in question are received via your return, or earlier if proof has been given that the goods are underway.

The consumer has fourteen days after having informed us about the foreseen cancellation to return the goods to our storage centre or warehouse.

Carbomed Medical Solutions GmbH
Neue Stiftingtalstraße 2A
8010 Graz
AT

This deadline is met when the goods are sent a fortnight before the expiration of the withdrawal period. The consumer bears the direct cost of returning the goods.

Contracts that contain goods that are not pre-assembled, personalized goods or goods assembled by the manufacturer per the customer's selection, or goods that are clearly tailored to the personal needs of the customer cannot be revoked.

The right of withdrawal does not apply to the following contracts:

1. Contracts for the shipment of goods that are not pre-assembled, or have been tailor-made to the individual customer's needs,
2. Contracts for the shipment of perishable goods or goods that have a short expiration period,
3. Contracts for the shipment of goods that have been opened and can thus not be returned due to hygienic or health protection reasons,
4. Contracts for the shipment of goods that are inseparable with other goods due to their composition,
5. Contracts for the shipment of alcoholic beverages, whereby the price was contractually agreed upon that can be shipped up to 30 days after the conclusion of the contract at the earliest, whose fluctuating market value the seller has no control over,
6. Contracts for the shipment of audio or video recordings, or computer software in a sealed package, whereby the seal has been removed after delivery,
7. Contracts for the shipment of newspapers, periodicals or magazines with the exception of subscription contracts.

breathe ilo -rental

In the case of breathe ilo rental, the consumer may terminate the rental agreement at any time without giving notice. The rental agreement ends when we receive (i)

the goods send back to us (ii) and the clear written termination by email or written letter. The return needs to be sent to our logistics partner Logsta GmbH.

End of Cancellation Policy.

7. Prices

1. In principle, the purchase price for the ordered goods is considered agreed, which results from the current brochures, catalogs, price lists, web shop and similar publications of our company.

All prices are displayed as total prices, containing the prices for packaging, as well as value added tax.

2. Errors in price: When the price displayed is higher, the customer will be contacted. In such cases, the contract is only considered concluded if the customer agrees to purchase the good (s) at the actual price. When the price displayed is lower, the lower price will be calculated.

8. Returns

1. In addition to the stated product price, delivery costs are also added to the order. Further details concerning delivery costs can be found on our website.

The applicable sales tax is included in the delivery costs.

When using the cash in advance payment option, delivery time starts one day after the payment has reached the Carbomed Medical Solutions GmbH bank account. When using the options cash on delivery or account, the delivery time starts one day after the order contract was concluded.

3. Damaged goods are to be reported to the courier company in the event that the goods were damaged due to transportation.

4. Carbomed Medical Solutions GmbH bears no responsibility when delays occur due to manufacturer or supply obstacles. If the delivery of the goods within a specific period is hindered due to unforeseen circumstances, Carbomed Medical Solutions GmbH is entitled to withdraw from the contract. The Carbomed Medical Solutions GmbH will inform the customer immediately in this respect. Damage claims are excluded in this case. The customer will be informed before the start of the ordering process in regard to existing delivery restrictions.

5. If the transport company sends the goods back to the seller since delivery to the customer was not possible, the customer shall bear the costs of the unsuccessful shipment. This does not apply (i) if the customer exercises his right of withdrawal effectively, (ii) if he is not responsible for the circumstance that led to the impossibility of delivery, or (iii) if he
